WANT TO SAY THANK YOU TO YOUR NURSE? SHARE YOUR STORY.

The DAISY (Diseases Attacking the Immune SYstem) Award is an international recognition program that honors and celebrates the skillful, compassionate care nurses provide every day. The DAISY Foundation was established by the family of J. Patrick Barnes after he died from complications of the auto-immune disease ITP in 1999. During his hospitalization, they deeply appreciated the care and compassion shown to Patrick and his entire family. When he died, they felt compelled to say “thank you” to nurses in a very public way.

Please describe a specific example or story that demonstrates how this nurse made a meaningful difference in your care. This may include talking about how the nurse demonstrates our core values in providing patient care— compassion, integrity, collaboration and excellence. You can scan the QR code below to complete your nomination electronically or use the lines below (and on the back).

Tell us about you.

Name of Nominee: _____

Name: _____

Date: _____

Phone: _____

Email: _____

Please contact me if my nurse is selected so that I can attend the celebration.

I am (please circle one):

Patient Patient Family Member Clinical Employee
Non-clinical Employee Volunteer Other

Use this code to write your story and submit using the online nomination form.
